*February and April 2017*

*Dear Resident / Business owner*

***Re: Western Power asset upgrade – installation of 2 x High Voltage Underground power cables.***

CAPE has been engaged by Western Power to install new power cables in the verge adjacent to your property; the majority of the installation will be done using horizontal directional drilling minimizing disruption to residents, businesses and the public in general.

For additional information please visit <http://www.nedlands.wa.gov.au/>

Any queries or concerns please call the number below.

Thank you in advance for your cooperation.

Kind regards and stay Safe,

**Brian Burns**
